10.Collaboration with Pax Herbals – the Ibadan University (TSA)
11.Emergence of an economic system anchored on traditional indigenous cultural practices blend with exogenous knowledge (Aneconomy based on Integrality and legacy - Nhakanomics)

# FUTURE TRANSFORMATIONAL PROJECTS & INITIATIVES

1. Completion and Commissioning the Manufacturing Plant
2. Outer Grower Scheme for local farmers
3. Rural Satellite Campus for local Universities & Research Centres
- The GZU Garry Magadzire Faculty of Agriculture, Engineering & Natural Sciences – Centre for Dry Land Agriculture & Innovation.
- The CUZ Faculty of Theology, Ecology, Religious Studies, Ethics & Philosophy.
- The MHRC in conjunction with MSU and the Ginger, Garlic, Turmeric Association (GGTA).
- In the wings are MSUAS, NDU, etc.
4. The Nhakanomics Integral Research Academy
5. The Integral Kumusha Conference Centre
6. The Integral Kumusha Model applied in other rural communities
7. Implementing the Integral Kumusha model as a vehicle for rural Development in SADC and beyond (P2P).

# Envisioned Future

Transformed and Prosperous Rural Communities, driving holistic and integral development in a sustainable way.

Urban /rural migration in search of better livelihoods and the enjoyment of the fullness of life in harmony with the entire ecosystem.

Fully developed Nhakanomics model.
Creation of A great legacy for future generations!
